ClickShare

wireless presentation, collaboration & conferencing

Find the right ClickShare Conference or ClickShare Present for your meeting room

Simple, easy, wireless. That's how ClickShare shares your content from any device on the meeting room display for better collaboration in any type of meeting room. For better hybrid meetings.

In addition, ClickShare Conference connects to the camera, mic and speakers in the room for better hybrid meetings.

Share with the ClickShare Button or the ClickShare App for pc, Mac or mobile devices.

Designed for enterprise rollouts, ClickShare offers enhanced security features, network integration options and cloud management.

All ClickShare products are ISO-27001 certified.
